

The remaining game of the series with | but he is now showing great form Pittsburg has been called off. This was done on account of the cold weather and despite his physical ailment. the fact that a game on such weather is a losing venture financially for the management. Instead of the Topeka-Pittsburg game Washburn college is playing Ottawa university. This is the first college game of the season in Topeka.

One thing about the new batting or-der which will assist greatly in getting runs during the coming seasan was noliced in the eighth inning yesterday. Henry and Davis, two of the best and most daring base runners in the league most daring base runners in the league are together in the batting order.

The general verdict of the Topeka haseball public at the present time is that Landreth is the find of the season. The big fellow has played in every practice game so far this season and has not yet made an error in the field. On the other hand he has made some marvelous returns of ground balls to the outfield when he made what seemed to velous returns of ground balls to the outfield when he made what seemed to be a two or three bagger become a single. At the bat he generally gets away with a hit or two. In fact there has been only one game during the preliminary schedules up to date in which he has not connected and sometimes he has been known to get two and three hits a day. His home run yesterday caused a big sigh of relief to emerge from the grandstands and it brought in the first runs of the game.

No games have been arranged as yet there will be two or three played dur-ing the week. St. Marys will likely be brought down for a game.

After seeing the game yesterday the fans can readily realize why Herman Crow was so anxious to secure Jones from Lincoln. The southpaw is a good pitcher and will be able to pitch rings around the pitchers of any other team in the association. With Halla and Jones as the south side twirlers of the pitching staff there can be but little doubt that Topeka has two great south-paws. Who the right handed pitchers will be is as yet a matter of doubt but there are still over two weeks in which Cantain Runkel can make a selection.

Starkey who is playing shortstop for Oklahoma City has played up and down the minor leagues of the country for fifteen years. He has never been a

a result. Their other pitchers are Lou Woods of last season's team, Lancaster, McFarland and several tryouts. Woods will not be in shape for several weeks as he recently dislocated his collar bone

A story appeared in one of the Spring a story appeared in one of the spring-field papers to the effect that the Fort Scott team had recently defeated the Topeka Champions in two games. Fort Scott has not played in Topeka since 1904 and then Topeka always had a walkaway with them.

Jay Andrews has found an infielder and a pitcher by the name of Woods. Woods is a youngster from some place out in central Kansas and seems to be a good man. He is sure of a job on Jay Andrews' staff even if it is only that of utility infielder.

Oklahoma City has signed Jack Lawlor, who played in the outfield with Canton, O., last season. He is an outfielder by preference, but is said to be a good infielder as well.

Big Jack Rowan, formerly with Leavenworth, has been farmed out to Atlanta in the Southern league by Detroit. The big fellow was not considered quite ripe for the American league this year.

Clarence Cole is still batting like George Stone at Joplin. The other day he connected for a three bagger just at the time when it was needed. He is a popular favorite with the Joplin base-ball public by this time.

Tommy Smith, the old time Spring-field player who is again with the Midgets this season, is captain of the team.

Pitcher Atchison, the southpaw who worked in Saturday's game, will re-port to Hutchinson before the season

Fred Mace, the star in the musical comedy, "The Umpire," umpired yesterday's game at Springfield between the Springfield team and the Fort Scott of the Kansas State league. He gave great satisfaction. gave great satisfaction.

Talk about your batting: "Nig" the Kansas City Blues, has reported here and will become a member of the Washington Americans, has batted 500 up to date in the games in which team. he has played.

The Leavenworth team which has been in training at West Baden, Ind., all spring reported at Leavenworth for the first time yesterday. John S. Ray, the new manager of the team, brought the minor leagues of the fifteen years. He has never been a brilliant player but always manages to play a medium grade of ball. There is no danger that he will burn up the league with his playing.

Ralph Gibson, the former Kansas and the first time yestered the team, brought twelve men with him and this bunch will be increased by several more before the season opens. Only three of the old men of last season's team are on the lineup this year. Ashley, Wooley and Harrington have been wanted as the first time yestered. wooley and Harrington have been practicing at Leavenworth all spring. This week Carter, an outfielder from Winfield; Torrence, a pitcher who trains the Winfield college team; Mel Backus, who played last season in the Northern Copper league; Hyde, a

The first symptom of Contagious Blood Poison is usually a little sore or

ulcer which does not always excite suspicion because of its insignificance;

but as the poison becomes more firmly rooted in the blood, the mouth and

throat ulcerate, copper-colored spots appear, a rash breaks out on the body,

the hair begins to come out, glands in the neck and groins swell, and often ulcerating sores form on the limbs, hands or face. But this is not all: if the poison is allowed to remain it works down and attacks the bones, causing

necrosis or decay, and makes a complete physical wreck of the sufferer. It

will not do to tamper with a disease so powerful as Contagious Blood Poison, for every day the virus remains in the blood the trouble is progressing

toward a more dangerous stage, and may in the end get beyond the reach of

any treatment. There is but one certain, reliable cure for Contagious Blood

Poison, and that is S. S. S., the greatest of all blood purifiers. This remedy

attacks the disease in the right way by going down into the blood and forcing out every particle of the poison. It makes the blood pure and rich,

strengthens the different parts of the body, tones up the system and cures

this humiliating and destructive disorder permanently. The improvement commences as soon as the patient gets under the influence of S. S. S. and

continues until every vestige of the poison is driven from the blood, and the sufferer completely restored to health. S. S. S. is not an experiment, it is a

success and has cured thousands of cases of Contagious Blood Poison in

every stage, and being entirely free from minerals, is a safe as well as certain

treatment. If you are suffering with this debasing disease get the poison out of your blood with S. S. S before it does further damage. Special home treatment book on the disease and medical advice sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

catcher from Lincoln, and Gilbert, a pitcher last year with Los Angeles, will join the team. This ought to give Leavenworth a pretty good bunch and they should put up a good fight for the W. A. rag this season.

In Saturday's game against Cleve-land, Detroit sent in "Farmer" Willett to pitch. Willett had things going his way until the seventh inning when with two men out he made a wide throw to first on an easy out and after that error he was pounded for four runs by the Naps. In the seven in-nings he was touched up for ten hits.

It is beginning to look as though Cecil Bankhead would not report at Oklahoma City this season. This will necessitate playing "Noisy Bill" Rapps on second and the retaining of Geist, the 250 pound outfielder.

gave Topeka a good run for the money and for awhile made matters look pretty dubique to the Western Association champs However, the White Sox emerged with their colors clear and carried the major portion of the score of 5 to 2.

Bect Jones was on the rubber for Topeka and his curves presented a mysterious enigma to the miners from the southeastern part of the state. But four hits were secured off his delivery and these were scattered to such an extent that no two were secured in one at little single to left field. Davis followed up the work by beating out a bunt. Hurburt sacrificed both men on a statent that no two were secured in one captain of the White Sox sent a double to right field just inside of the foul line and both Henry and Davis trotted home. Landreth went out but Runkel scored when Mays made a bad throw of Olson's grounder to first. This was enough to cinch the game so the local team quit working.

the local team quit working.
